We're finally out of here and this time we don't have to come back after the summer ends. To all my friends, who stayed my friends over the years, thanks for stickin' around. Whenever there was nothing to do we would just break stuff (boosh-klang), or just crush someone (TR, TB, JM, Sports, etc.) It may have been stupid, but it made the time fly. Rallying after school (CB vs. CW) was awesome. To anyone repeating 12th grade again, sucks for you. BAGANK!!!

Activities: Spanish Club, Chorus Wow! I'm finally graduating High School. That's good, now I only have to worry about getting a full time job, etc. I made a list of the top ten things you must do the day after graduation: 10) Go to bed and wake up late. 9) Have a breakfast celebration including mile-high pancakes. 8) Watch the cartoon networks Scooby-Doo marathon and count the number of times Thelma says "Jinkys". 7) Start making a list of people you want to avoid at your High School reunion. 6) Find out exactly how many licks it takes to get to the center of a tootsie pop. 5) Tie books to the back of your car with a sign that reads "Just Graduated". 4.) Call all your old classmates hysterically and tell them you miss them (Do this everyday at the same time for a week). 3) Go to school the next day and harrass the freshmen. 2) Tell your younger siblings exactly how long they have left in school and how long you have left in school (For better results, sing it in an annoying way. 1) Tell your parents they look old and ask how many gray hairs they pulled out this morning. Nice Huh? Well, I think that's it but, I want to say thank you to my family for bringing me up and for putting up with me through the years. Love Ya'lways.

Remember to work hard because life is not like school where you can get by w/o hard work, to succeed in life working hard gets you noticed, not acting cool remember your bosses don't care how popular you are. To those who havent grown up yet, i'll laugh when you fail in life. Cya all and remember to always have fun in life no matter what other people will think.

This is a reflection of my high school career. My freshman year was completed in Salem High School, Virginia Beach, VA. That year was mainly a great goodbye to those whom I had spent the last three years with. My sophomore and junior years were spent on the beautiful island of Guam. During those years, I participated in many after school activities, those that were more significant were the Science Club and basketball. During my time in the Science Club, we went to explore another island, Rota, and there we learned never to camp on a beach during a storm again. With basketball, some other players and myself, were selected to participate in the far-east tournament in Japan. The only thing we managed to win there was a snowball fight. After only have been here for two weeks, I have concluded that only one school year here is too much.

IN CELEBRATION OF PAIGE QUINN PENNYPACKER & FELLOW GRADUATES -

Look to this day! For it is life, the very life of life. In its brief course lie all the varieties and realities of your existence: the bliss of growth, the glory of action, the splendour of beauty. For yesterday is already a dream, and tomorrow is only a vision, but today, well-lived, makes every yesterday a dream of happiness, and every tomorrow a vision of hope. Look well, therefore, to this day! Such is the salutation of the dawn.

Election 2000

George W. Bush selects Dick Cheney, former Wyoming representative, and former secretary of defense as his vice-presidential running mate on the Republican ticket.

The 2000 presidential election was in many ways decided by not just the voters but the courts. Five weeks after election day, the US Supreme Court blocked Al Gore's request to have disputed Florida ballots recounted. George W. Bush and Dick Cheney won the election after being awarded Florida's 25 electoral votes.

Antiquated voting methods in this age of technology threw the presidential election into turmoil. Punch card ballots, and the accompanying "Votomatic" system were first created in the 1960s. Disputed ballots had chads, or paper fragments hanging from the punch card that made it difficult for voting machines to read the ballots.
